

Tactical Breaching Workshop

Presented by Hyde Syte Tactics
Instructor **TREVOR DEBOER, Ret.**
Special Operations MSG & SWAT
Team Leader

Hosted by Whitewater PD and
sponsored by Halmatro Rescue
June 22, 2026 8am-4pm
UW-Whitewater, Hyland Hall

REGISTRATION FEES

ASP-WI MEMBERS: \$150

ASP Members please use coupon code **ASP622** at checkout

NON-MEMBERS: \$175 (one-year ASP-WI membership included)

All proceeds benefit the **Association of SWAT Personnel (ASP-WI)**.

Topics Covered

- Tactical Movement: Advanced tactical approach and stand-off capabilities to minimize exposure at the Breach.
- Mechanical Breaching: Proper utilization of manual entry tools for rapid access.
- Ballistic Entry: Techniques and safety protocols for ballistic breaching options.
- Hydraulic Solutions: Integration of Holmatro hydraulic tools for heavy-reinforced breach points.
- Point of Entry Survival: Critical insights on **increasing survivability** and maintaining tactical awareness at the breach.
- Tool Maintenance: Insight on selecting and maintaining the proper tools for specific operational environments.

The **Hyde Syte Tactical Breaching Workshop** is a high-level, specialized training program designed specifically for Law Enforcement and SWAT operators to **master the "Point of Entry."**

This intensive 8-hour evolution integrates mechanical, ballistic, and hydraulic breaching solutions with elite tactical movement. Under the direction of veteran Special Operations leadership, participants will develop the technical proficiency and situational awareness required to dominate the breach point and maximize team survivability.
